

# Extra Language and Support

The AAEPIC provides additional support to students in need.

- **An additional reading and writing course:** Exclusively for AAEPIC and AATI students who enter with DSE Level 2 in English. This 3-credit course is offered in place of one GE course.
- **Academic Mentors:** These are teachers who provide extra guidance and support to students who are in need. Particular attention is provided to students joining the AAEPIC programme with DSE Level 2 in English.
- **Language enhancement workshops:** Specially designed workshops are organised for AAEPIC students to provide them with additional training and support in areas that they are found to be weak in.
- **Student Mentors:** Year 2 student mentors help new students make the transition to tertiary life and give guidance and support on day-to-day matters.

Students with their tutors after completing an IELTS workshop.

Friendly and cheerful Year 2 buddies are always on hand to help new students make the transition to tertiary life and to give extra guidance and support.
