

New concentration of Applied Social Studies – Health Studies

The new Health Studies concentration will enhance students' ability in health maintenance and promotion through healthcare and to develop their understanding of health and illness from biological, psychosocial and environmental perspectives.

The programme has collaborated with Bamboos Health Care Limited in providing clinical training and practice placement to students. Students will be funded to complete [clinical training courses](#) accredited by Hong Kong Health Care Federation. Since these courses are recognized by Hospital Authority and Social Welfare Department, students will be well equipped for their career path.

Graduates can articulate into various degree programmes offered in Hong Kong and overseas. This includes social sciences, health care, community and public health, and environment and health. They will be equipped to apply their expertise in a diverse range of careers including community and social service, health care, business and administration, counselling, and education and training.

社會科學副學士(應用社會科學)的健康護理專修課程

社會科學副學士(應用社會科學)課程在 2016-17 開辦一個全新的專修科目 (健康護理)，此課程適合有志投身健康護理領域的同學報讀，有助他們的學術和專業的發展。本健康護理課程目標是透過認識健康護理來增強學員的健康保養和推廣健康的能力及從生物、心理、環境等角度去促進學員對健康和疾病的認識。

本課程與百本醫護控股有限公司 (Bamboo Health Care Limited)，一家在本地醫護行業內具良好聲譽的機構，共同在一、二年級提供學員臨床實習機會及訓練。實習訓練目標是培養學員在初級護理的環境下學習健康護理人員的常用臨床技巧的能力和自信。因臨床訓練課程是得到香港醫護學會及社會福利署認可，完成訓練亦有助學員就業。

本健康課程的畢業生可升讀由本地或海外開辦的不同學位課程。可銜接的學位課程範圍包括社會科學、健康護理、社區及公眾健康、環境與健康。就業方面，畢業生將會具備一定的能力應付下列各範圍的工作如社區和社會服務、健康護理、工商與行政、輔導、教育和訓練。
