

2023 Summer Internship: Neuron Operations Limited

Neuron Operations Limited, formerly Arup Neuron, was a central analytics platform to provide more operation insights with the increasing convergence of building systems.

In 2022, Neuron becomes an independent company which is focus on the next-generation technologies and faces new challenges with a new attitude. They are no longer limited to the development of smart buildings but the smart cities. By applying their knowledge and experience, with artificial intelligence technologies, Neuron makes the cities healthier, more sustainable places to live and work, and eventually make contributions to energy saving and protection of the earth. Neuron is now looking for high-calibre candidates to join their company.
