

CPA Club

Meeting with Alumni

Under the CPA Club, the “Meeting with Alumni” was arranged on 9 October 2020. In total, 9 Year 2 ABAA students and 4 alumni participated. This activity aims to help Year Two students to prepare their articulation to UGC funded programs of various Universities. During the activity, students were required to set goals and design their professional career plans. Alumni also shared their experience and tips in articulation. Through this activity, students have an opportunity to learn to organize, work with others, and learn to social network. Students are able to form a network of support with peers, mentors and alumni.
