

**LIU Zi Suen Jennifer -- 2025 Social Work Graduate, studying Year 3 Bachelor of Arts (Honours) in Applied Ageing Studies and Service Management**

Looking back on my time at UOW College Hong Kong, I'm deeply grateful for the approachable teachers who offered practical advice and encouragement. Their support inspired me to serve as a social work student representative, allowing me to contribute to the community and grow as a leader. Placement opportunities further strengthened my confidence and passion for elderly services. I'm honored to have achieved strong academic results and received the Talent Development Scholarship under the EDB Self-financing Post-secondary Scholarship Scheme. The solid foundation I gained at UOWCHK prepared me for my next step—admission to The Hong Kong Polytechnic University's Applied Ageing Studies and Service Management programme.
