

Tsang Hoi To Ocean -- 2025 Social Work Graduate, studying Year 3 Bachelor of Arts (Honours) in Social Work

My time at UOW College Hong Kong was transformative. Supportive lecturers and a close-knit community made learning meaningful, even beyond the classroom. I'm honored to have achieved strong academic results and received scholarships, including the YANIV Outstanding Social Work Student Award. The college provided diverse opportunities and invaluable guidance that helped me excel. UOWCHK also prepared me thoroughly for my future pathway to The Hong Kong Polytechnic University's Social Work degree program through interview workshops and personalized advice. These experiences gave me confidence and equipped me to pursue my career aspirations in social work.
