CHOW CHUN KIT

Associate of Science in Information Systems Development

Chun Kit is your regular “A” student. Top-ranked in class, patient, quietly effective, and tackles challenges with his mind. He is also resourceful. When he cannot reach a teacher on a problem, he will go about it by searching the Internet on his own. For Chun Kit, placement on the President’s List on account of his good results is a regular occurrence. But he knows that he needs to improve his English and enrolled himself in a Supplementary English Workshop so he can write better. By becoming a student mentor, he shared his experience with Year 1 students and gave them useful tips in their studies.

.....

He is 1st from the left in the 1st row.
