

## **Academic Performance Scholarship**

**YIP KA CHUN**

Associate of Science

Ka Chun is a typical good performer in learning. You seldom find B's in his score card but almost all A's. Naturally, his Semester GPA's are impressive. He achieved 4.0 in one of the past three semesters and marks in the top line in the other two. His name is clearly visible on the President's List. We asked him to share with us his secrets of success. He frankly revealed, "Focusing on what you are doing is the key if you want to achieve anything in life.". His advice is worthy of reference for us all.
